REMOTE VIDEO MONITORING SERVICE

Not that long ago, surveillance cameras were only used by large corporations and government agencies. But now, security cameras are all over neighborhoods and residential complexes. People are increasingly demanding high-tech security systems, and these systems are now more powerful and affordable than ever.

With increased availability and ease of installation, our clients can easily take advantage of the many benefits of surveillance cameras around their businesses or homes.

If you are looking for a way to boost your home security, cameras are a perfect place to start. However, cameras alone will not do the job unless they are monitored and there is a response component to the service.

Themis Security can provide all of these services at an affordable rate. We are the only security company that can provide installation, monitoring and response to client in the Greater Victoria area. With one of the fastest response times in the industry, our operators upon observing a suspicious activity will dispatch our Mobile Patrol and/or the police.

If you would like more information on our remote video monitoring service, please contact us at info@themispro.com or call our office at 250-590-4177.

WE ARE CERTIFIED!

We are so excited to announce that we are officially certified as a Living Wage Employer! This is a proud honor for us at Themis Security as we are the only security provider in British Columbia to offer a living wage to their employees.

This is a huge step in the right direction for all our staff and clients as we work towards putting an end to poverty in our city. We would like to thank the Living Wage Campaign for helping us through this process and we encourage others to take this step with us.

You can find more information [here](#) as well as a full list of Living Wage Employers in BC on their [website](#).

“Many workers in the security industry are risking their lives to keep us safe during the pandemic and beyond. It is vital that in return they earn a living wage in order to be able to pay for essentials for their family. We’re delighted that Themis Security has committed to paying their staff a Living Wage. This will make such a difference to low wage workers. We invite other security companies to join the Living Wage movement” said Anastasia French, Living Wage for Families Campaign Organizer.

“I see a positive vibe coming from your company. Thanks for being there for us when we need it. Please continue to make Government Street a better place for all of us.”

- David Glowicki – owner of several downtown Victoria businesses

We would love to hear from you! Please feel free to leave us a review on [Google](#)

MEET THE STAFF AT THEMIS

Meet Jeremy, one of our dedicated guards. Jeremy has been with Themis Security for three years and he primarily works on our Downtown Foot Patrol team. He spent over two years as part of our mobile division, so you have likely seen him around town.

When Jeremy is not patrolling the streets of downtown Victoria, you can find him teaching martial arts or tending to his amazing garden.

Thanks for you all your hard work Jeremy!

CRIME MAPS FOR APRIL

Below are two crime maps depicting calls to VicPD for property damage and theft. The map on the left is for the week of April 1st to 8th and the map on the right is for the whole month up to April 27th. These graphics can help give you an idea of the amount of crime that is happening on a daily basis in our city. The need for additional security for your business is at an all-time high and Themis Security is here to help.

Themis Security is always standing by to assist you and ensure that you, your family and your employees feel safe, 24 hours a day.

MONTHLY FEATURE

We would like to welcome our newest clients Liquor Planet, Chard Developments and Maximus Canada. We are excited to work with each of you and make a difference for your business.

We thank you for your trust in us to provide you with security services and we are looking forward to a successful relationship.
